

Blue Angels

FOUNDATION

Dear Club Manager,

We would like to take this opportunity to provide you information about the Blue Angels Foundation Challenge. This event is part of a series of tournaments around the country that have been organized at private clubs like yours to provide support for wounded military men and women and their families. It is a perfect opportunity for your members to show their patriotic hearts by participating in this exciting event.

The Blue Angels Foundation is a 501-c-3 nonprofit organization that was formed by former Navy Blue Angels Demonstration Squadron team members out of a desire to provide support to fellow military men and women who served with honor and experienced injury of some type. Through their fundraising efforts, the Blue Angels Foundation has supported several significant programs. In San Diego, the Blue Angels Foundation has funded the San Diego Freedom Station, a temporary lodging facility that also provides educational and career guidance to the seriously injured and disabled military heroes who are medically retired or discharged. A second noteworthy support program they have contributed to a PTS project in New York that is achieving over 90% positive re-education and elimination of PTS.

Consistent with the precision and excellence the Blue Angels teams are known for worldwide, the Blue Angels Foundation Challenge has the turnkey components and structure to enable you to provide an event for your membership that is unique, memorable and worthwhile in its cause. Through your commitment to the event, you will have exciting private resort stays and travel opportunities that appeal to the demographic of private country club memberships. Additionally, your members will have the opportunity to partner with the Blue Angels Foundation in serving wounded veterans.

While many military branches and special groups within those branches have organizations in place to provide support for veterans, this elite Blue Angels Foundation organization has established expertise in the world of golf to enable those in the game to help others by doing what they enjoy – playing golf.

Please review the attached materials to see how you can partner with this prestigious group in Naval history and their Foundation to host a day at your club. The prizes are great, the show of patriotism will generate a great sense of pride, and the rewards for our injured military heroes will be immeasurable.

Sincerely,

Russ Holden, PGA
Executive Director
